

name: **amadeo**  
 design: René Šulc  
 producer: **mminterier**

#### characteristics:

Amadeo is upholstered sofa with a kinetic element. This swivel element is fully configurable in range of 180°. The maximum rotation of the kinetic part enables to create “face to face” sitting. Amadeo brings unexpected variability and multiplies the usefulness of standard sofa.

Amadeo collection is completed with swivel armchairs and a classic sofa for three users.
